About Us

TableXpert is a company that has a team of its own professionals, specialists in the design, manufacture and installation of Acoustic Movable Partitions.

In our facilities we have the capacity to develop any project at a national and international level. With our Acoustic Movable Partitions we create multipurpose, multipurpose, functional and, above all, dynamic areas.

TableXpert allows configuration in a manner that is unique to the space available according to the uses needed. In this way, our clients can optimise, at any moment, the space available.

The quality, aesthetics, and a consistent performance for improving, innovating and developing the technology of our products, make Tablexpert a point of reference in the sector of compartmentalization through Mobile Partition

Our History

More than 15 years dedicated to the knowledge of this product leads us to create **TableXpert Mobile Spaces, S.L.**

TX TABIGLASS-VIDRIO

We incorporate a single glass model uniting functionality and aesthetics.

SEMIAUTOMATIC SYSTEMS

We develop the semi-automatic operating system for greater comfort

TX-ACOUSTIC GLASS-VIDRIO

We incorporate a double glass model, uniting aesthetics and acoustic performance.

TX SILENCEGLASS

We incorporate double model glass for better performance acoustics

TX-60 GLASS

We incorporate a model of glass soil conserving acoustic benefits

TX-130

We incorporate the discharge model acoustic benefits.

TX VISIONGLASS

We incorporate the double model glazing and hidden profile uniting elegance and acoustic performance

Currently

We continue to create and develop new models to adapt to the needs of our customers.

Our Philosophy

We look at every detail with the aim of satisfying the needs of our customers

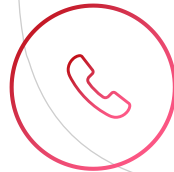

Improve the **Quality**
of spaces, creating
dynamic environments
