EURO-PROFIL d.o.o. je osnovan krajem 2003. godine i bavi se proizvodnjom, trgovinom, uslugama i dizajnom u oblastima završnih radova u građevinarstvu, kao i uređenjem enterijera. Tokom proteklih 20 godina smo zajedno sa našim saradnicima nastojali da ispunimo sve zahteve investitora, a naročito akcenat smo stavili na klizne sisteme za plakarska i pregradna vrata, kao i na aluminijumske frontove sa staklenim ispunama. Pre svega, vodili smo se kvalitetom proizvoda iz naše ponude i njihovom funkcionalnošću i tu nismo želeli da pravimo nikakve kompromise.

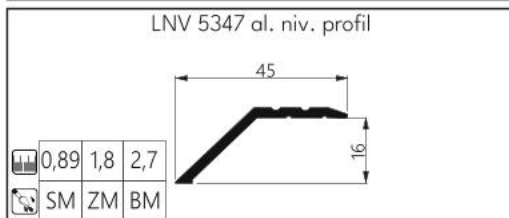

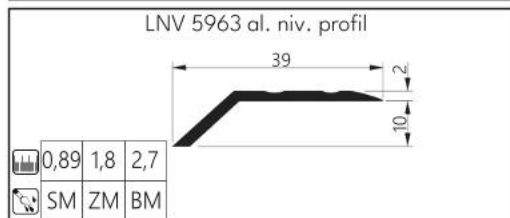

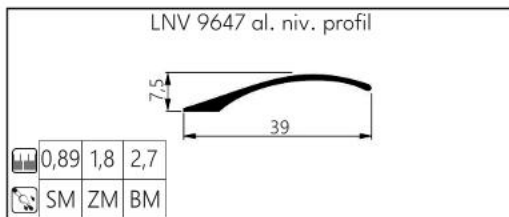

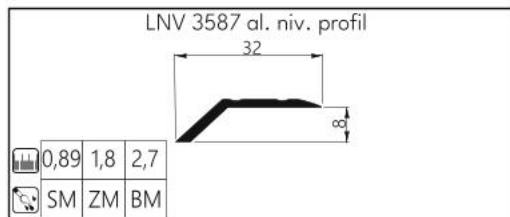

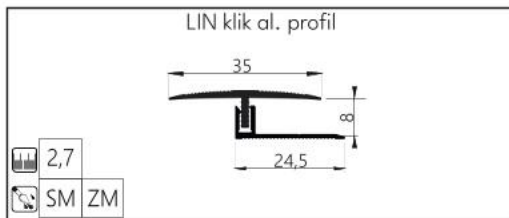

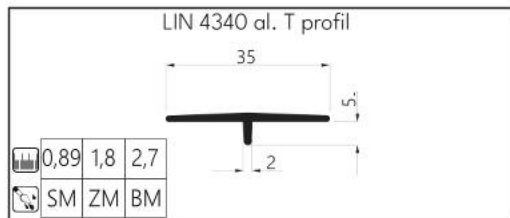

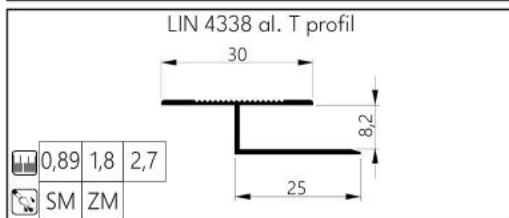

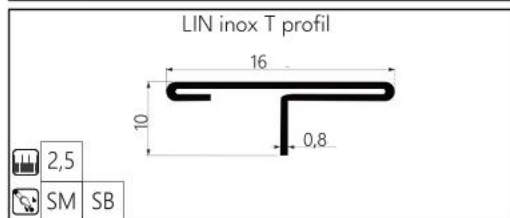

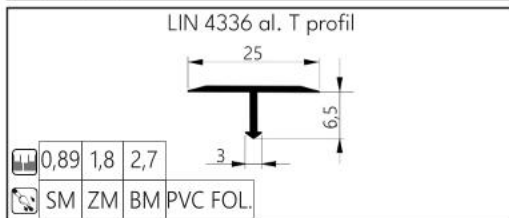

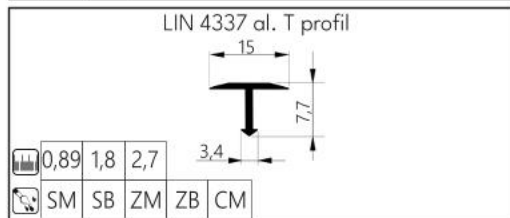

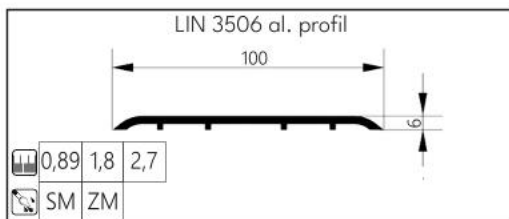

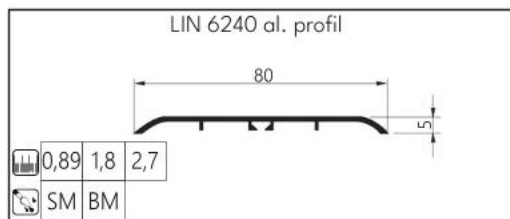

Stalno praćenje novih trendova, uvođenje novih materijala i obrada, dovelo nas je do toga da u ponudi imamo preko 3000 različitih profila. Zahvaljujući dugogodišnjoj saradnji sa renomiranim proizvođačima, mogućnost poručivanja profila van naše standardne ponude, kao i mogućnost izrade namenskih profila za projekte su takođe deo naše ponude.
