THE BRAND

CTO Lighting is an exclusive, luxury lighting company, which celebrates contemporary design, premium materials and British craftsmanship. Our designs illuminate the interiors of iconic landmarks, commercial developments and prestigious residences around the world.

We hand select the finest materials, which are meticulously crafted into their unique designs, creating iconic and memorable lights. The signature materials of satin brass, bronze, alabaster, mouthblown and handmade glass are combined with design influences from both nature and architecture.

The handmade nature of the products results in truly unique lights, which produce a warm, ambient glow, setting a mood of sophistication and elegance.

There is a longevity to CTO Lighting products; the design and manufacturing process is always carefully considered and is timeless beyond trends. Lights can be selected from the CTO Lighting collection, or may be customised for your individual requirements.

THE FOUNDERS

Founded in 1998 by Chris and Clare Turner, CTO Lighting launched their first collection on the guiding principles of designing lights of uncompromising quality, using only the finest materials and working with elite British craftsmen. This collection of lighting symbolised elegance and the excellence of British design and manufacturing; the benchmark for all future collections.

Chris, CEO, an engineer by training, gained great technical expertise to design and manufacture lighting with meticulous detail. Clare, Creative Director, formerly worked in fashion and has provided invaluable design and commercial expertise.

Realising there was a demand for more premium, contemporary lighting, Chris and Clare focused on luxurious materials in their fixtures; hand finished brass, mouthblown glass and artisan crafted stone. This refinement in the use of materials, gained CTO a reputation as a leading manufacturer of understated luxury lighting through their distinctive style and quality.

CTO Lighting has worked with leading industry figures including: David Collins Studio, Philippe Starck and Martin Brudnizki Design Studio, on prestigious interiors worldwide. CTO Lighting has been commissioned for bespoke lighting for The Savoy Hotel, The Dorchester London, St Pancras Renaissance Hotel and Chiltern Firehouse.

Under the creative direction of Chris and Clare, CTO Lighting has worked with respected and award winning designers, to bring depth to their collection; Autoban, Michaël Verheyden, Stéphane Parmentier, Dan Yeffet, Federico Peri.

In 2016, CTO Lighting opened its first exclusive Showroom in London, providing a space to showcase its luxurious products. The CTO Lighting collection is now distributed globally to some of the foremost design led retailers and works with leading international interior designers and architects.

COLLECTIONS

AVALON

Ornamental Minimalism at its best; AVALON, the new collection from CTO Lighting, is inspired by the legendary island, from where mystical stories of light and shadows have enchanted the world for centuries.

The collection blends classical proportions with decorative artisan materials and turns the concept of a chandelier on its head. The AVALON encases a precious ring of alabaster columns within the framework of the light resulting in a new unique chandelier. The ethereal light quality emanates from the brass or bronze fitting creating an exquisite sculptural piece.

The AVALON chandeliers can be used solo, creating an elegant centrepiece, or arranged in multiples of varying sizes, producing a decorative statement. The Halo chandelier is an elevated level of luxury, with its tiered height creating a dramatic feature.

The various formats and sizes within the collection allow for scalability, for use in residential and commercial interiors.

AVALON CHANDELIER | LARGE | SATIN BRASS

AVALON CHANDELIER | HALO | SATIN BRASS 

 ANVERS PENDANT | SATIN BRASS & BRONZE

ANVERS

In pursuit of minimal luxury, the new Anvers collection, from CTO Lighting, is inspired by Antwerp, a city and region of refined Flemish beauty and elegance.

Renowned for its classical architecture and understated luxury, Antwerp is a cultural gem, reflected in the Anvers collection of lighting, which bears its name.

The Anvers and Avalon collections complement each other perfectly in their aesthetic and design, creating the ultimate illumination.

Q ANVERS PENDANT | LARGE BRONZE

ANVERS PENDANT | MEDIUM SATIN BRASS

ANVERS PENDANT | MEDIUM BRONZE

The Anvers collection is versatile, featuring various size options in both pendants and mounted ceiling or wall lights. Each light can stand alone, creating a dramatic illumination, or can be assembled in multiples, creating a truly unique and striking lighting installation.

Each piece is backlit by a fully dimmable integrated LED, creating an ambient glow, whilst illuminating a room with a soft, warm elegance, a signature CTO attribute.

ANVERS PENDANT | SMALL SATIN BRASS

The bevelled translucent disc of honed alabaster is encased within solid brass, creating a pure and elegant piece. The natural striations within the alabaster, produce an individual and distinctive feature.

 **PENDULUM** WALL & PENDANT | SATIN BRASS

PENDULUM

PENDULUM; the stunning collection from CTO Lighting in collaboration with Dan Yeffet, the AD100 accredited Parisian design studio.

Combining the flair of European design with the expertise of British craftsmanship, PENDULUM presents a striking collection of contemporary lights.

Balance and refinement are the key elements of the PENDULUM collection, inspired by the timepiece, with its mesmerising and hypnotic qualities.

The PENDULUM Collection includes pendant, wall, and floor lights, and is available in either a satin brass or bronze finish.

 PENDULUM WALL | BRONZE & SATIN BRASS

The PENDULUM collection allows for flexibility, being able to be used as a single feature, or in the case of the pendant and wall lights, displayed as multiples for a dramatic effect.

An arrangement of pendant lights work especially well as a centrepiece in atriums and stairwells, illuminating the space with the striking grace and elegance associated with the work of Dan Yeffet .

The PENDULUM collection emanates light, which appears to oscillate in concentric bands from the light source, encased and diffused by the mouthblown, curved glass.

PENDULUM PENDANT | SATIN BRASS

The brass disc of the light is hand satined by artisans to achieve a satin finish, which perfectly punctuates the light, completing the exquisite design.

All formats are dimmable, enabling the creation of an ambient atmosphere. Contained within the circular hand blown glass shade is a core of LED diffused light providing an otherworldly lighting effect brought about by juxtaposing the curved reflective tinted glass with the light source.

The pendant and floor lights are supported by elegant, sculptured metalwork, creating an exquisite suspension, with the floor version grounded by a solid nero marquina marble base.

PENDULUM FLOOR | BRONZE

MODULO

Created for CTO Lighting by Italian designer Federico Peri, MODULO is a collection of chandelier, pendant and wall lights distinguished by its modular form, arranged in linear configurations, creating versatile lighting sculptures.

Combining functionality with artisanal skill, the design focuses on geometric forms, connected in compositions of modules. The glowing domes are spaced in a linear pattern, allowing the light to reflect along the transparent, elongated glass disc and metal frame.

 MODULO GRID 11 | BRONZE

MODULO HORIZONTAL | BRONZE 

MODULO HORIZONTAL | SATIN BRASS

MODULO GRID 11 | SATIN BRASS

MODULO TRIPLE | BRONZE

Each smoked kiln cast glass piece is unique, hand-crafted by artisans, textured and subtly tinted, true to the qualities of CTO Lighting. The jewel like glass module is suspended by hand-finished brass, providing a delicate and decorative framework.

CIELO

The collection takes its inspiration from the architectural cupola. When combined with our unique artisan glass finish, the semi-transparent shallow dome reflects the light source in a special way, which is both functional and ethereal. The LED source is hidden from view and is contained within a satin brass or bronze cupped centre.

CIELO PENDANT | SATIN BRASS

 CIELO WALL | SATIN BRASS

SKYE

Meticulously designed, combining two levels of texture, SKYE is both delicate and graphically strong, resulting in a pendant light that crowns the space with a strong silhouette and atmospheric warm light.

An opal to clear sfumato glass finish, where the clarity of the glass at the base appears to reverse gravity. Particularly stunning when used in multiple combinations providing a majestic composition with depth and scale.

 SKYE PENDANT | LARGE | SATIN BRASS

PETRA

PETRA pendant light perfectly reflects the delicacy and the strength of our natural world. A soft meteoric core of molten smoked glass or opal glass juxtaposed with a second outer layer of thick curvaceous tinted glass. The combination creates a depth of light and form.

These refined translucent glass pendants can either be used as a singular statement light or in multiples to create a delicate display of lights that echo the rhythmic pattern evocative of pebbles on the beach.

 PETRA PENDANT | LARGE | SATIN BRASS | SMOKED INNER CORE

TINTO

Inspired by nature's gentle shapes of the Tinto Hill in Scotland and chosen for its ability to cast light downward in a dramatic way, the shallow conic shade of TINTO Pendant is fitted with a warm ambient integrated LED light that brings drama in scale with minimal lines over the objects.

TINTO PENDANT | LARGE | SATIN BRASS

 TINTO PENDANT

 TINTO PENDANT | SATIN BRASS

TINTO PENDANT | SATIN BRASS 

ARTÉS

An architectural beam of light fused with premium materials such as bronze, satin brass and honed alabaster creates an elegant pendant which can be used singularly or as a composition creating endless possibilities to personalise a space.

Form and function in one light. ARTÉS offers a decorative solution to a functional space celebrating nature's finest materials.

 ARTÉS PENDANT | BRONZE

ARTÉS FLOOR | BRONZE 

 NIMBUS CHANDELIER | LARGE | SATIN BRASS

NIMBUS CHANDELIER | LARGE | SATIN BRASS

 NIMBUS CHANDELIER | CASCADE | SATIN BRASS

NIMBUS

Each piece of glass is unique. The droplets are hand-formed by our artisans using a process where undulations and crystal-like textures form. The translucent glass is complemented and beautifully framed by the symmetrical metalwork. The light emitted is a warm, soft glow. Referencing both retro and modern aesthetics, the NIMBUS creates a stunning centrepiece and transfixes those who see it.

NIMBUS ROUND

NIMBUS chandeliers possess a scale and proportion that commands attention within an interior, simultaneously exuding refinement through the delicate nature of its artisan glass. The NIMBUS ROUND cloud-like version has a framework that is circular, where the glass profile has a soft, fully curved silhouette emanating an ethereal defused light.

 NIMBUS WALL | BRONZE

NIMBUS WALL | SATIN BRASS 

SASHA

A strong presence to illuminate any room. Contrasting with a luxurious satin brass or bronze collar, the unique hand-formed droplets of fritted glass are individually created by our artisans, using a process where undulations and crystallike textures form, resulting in a beautiful warm, ambient glow.

CLOUDESLEY

Named after the Georgian street, home of the CTO showroom, Cloudesley reflects an era of style and splendour.

CLOUDESLEY collection revisits classical lines, effortlessly interpreted through bronze or brass metalwork with etched opal glass shades, bringing a cloud like form, to modern and sophisticated interiors of today.

 CLOUDESLEY CHANDELIER | MEDIUM | SATIN BRASS

LUCID

Designed by Michaël Verheyden for CTO Lighting, the LUCID collection is inspired by Parisian Brasseries and Snowdomes. Both functional and sculptural the light celebrates premium materials, honed alabaster, satin brass, bronze and silvered oxidised brass.

LUCID PENDANT 

 LUCID PENDANT | 200 | SILVERED OXIDISED BRASS

LUCID WALL | 300 | SILVERED OXIDISED BRASS

CTO Lighting worked with a distinguished silversmith to create new finishes and discovered a unique, textured finish using brass, silver and oxideised silver that was first used in the LUCID collection.

IVY

IVY Collection is an expression of organic lines with perfectly balanced composition. The brass and bronze combination is complimented by the glowing opal or smoked glass shades.

 IVY 3 PENDANT | OPAL GLASS

 **AXIS 3 PENDANT** | BRONZE

 **AXIS 6** PENDANT | SATIN BRASS

AXIS

Inspired by antique street lamps, the conical smoked glass shades of **AXIS** projects a soft diffused effect whilst the arms create a strong architectural quality producing dramatic shadows. The collection is available in three and six arms.

TREVI

Inspired by the famous fountain at the Piazza di Trevi, the junction of three roads which marks the terminal point of an aqueduct. The arms of the Trevi pendant are sculptured from solid brass and satined to give the light its CTO signature look and feel, providing the perfectly balanced composition.

 TREVI 6 PENDANT | BRONZE

 MEZZO CLUSTER | SATIN BRASS

ORB

The large hand-finished satin brass ring of the ORB pendant allows an even spread of light over a large area. A future classic, it creates volume with refinement and elegance.

○ ARRAY COTTON PENDANT

ARRAY

Inspired by the Italy of the 60's. Familiar yet modern, its distinctive form with rotating arms comes with hand-blown opal shades, or cotton shades, allowing the sculptural piece to be repositioned. The metalwork is brass, then bronzed and hand waxed which contrasts with the brass detailing.

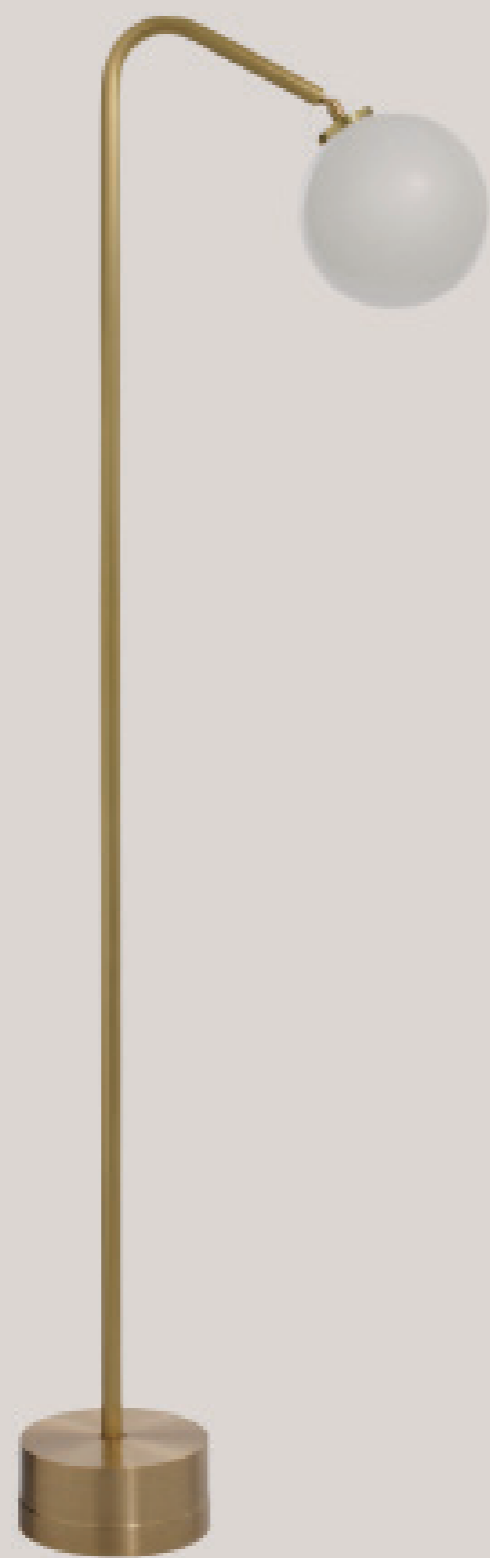

ARRAY OPAL TABLE

BIG BULB WALL | POLISHED BRASS **O**

RING

Inspired by strong light and shadows, the chiaroscuro effect within one light fitting.

The light from within highlights the differences between the ring sizes and adds a dramatic sculptural yet gentle effect to the light. It is equally beautiful both on and off.

O RING PENDANT | BRONZE & SATIN BRASS

RING TALL WALL | BRONZE **O**

Each light is crafted from brass sheets, carefully hand rolled to exact specification and then polished internally and externally to achieve the signature CTO Lighting refined satined texture.

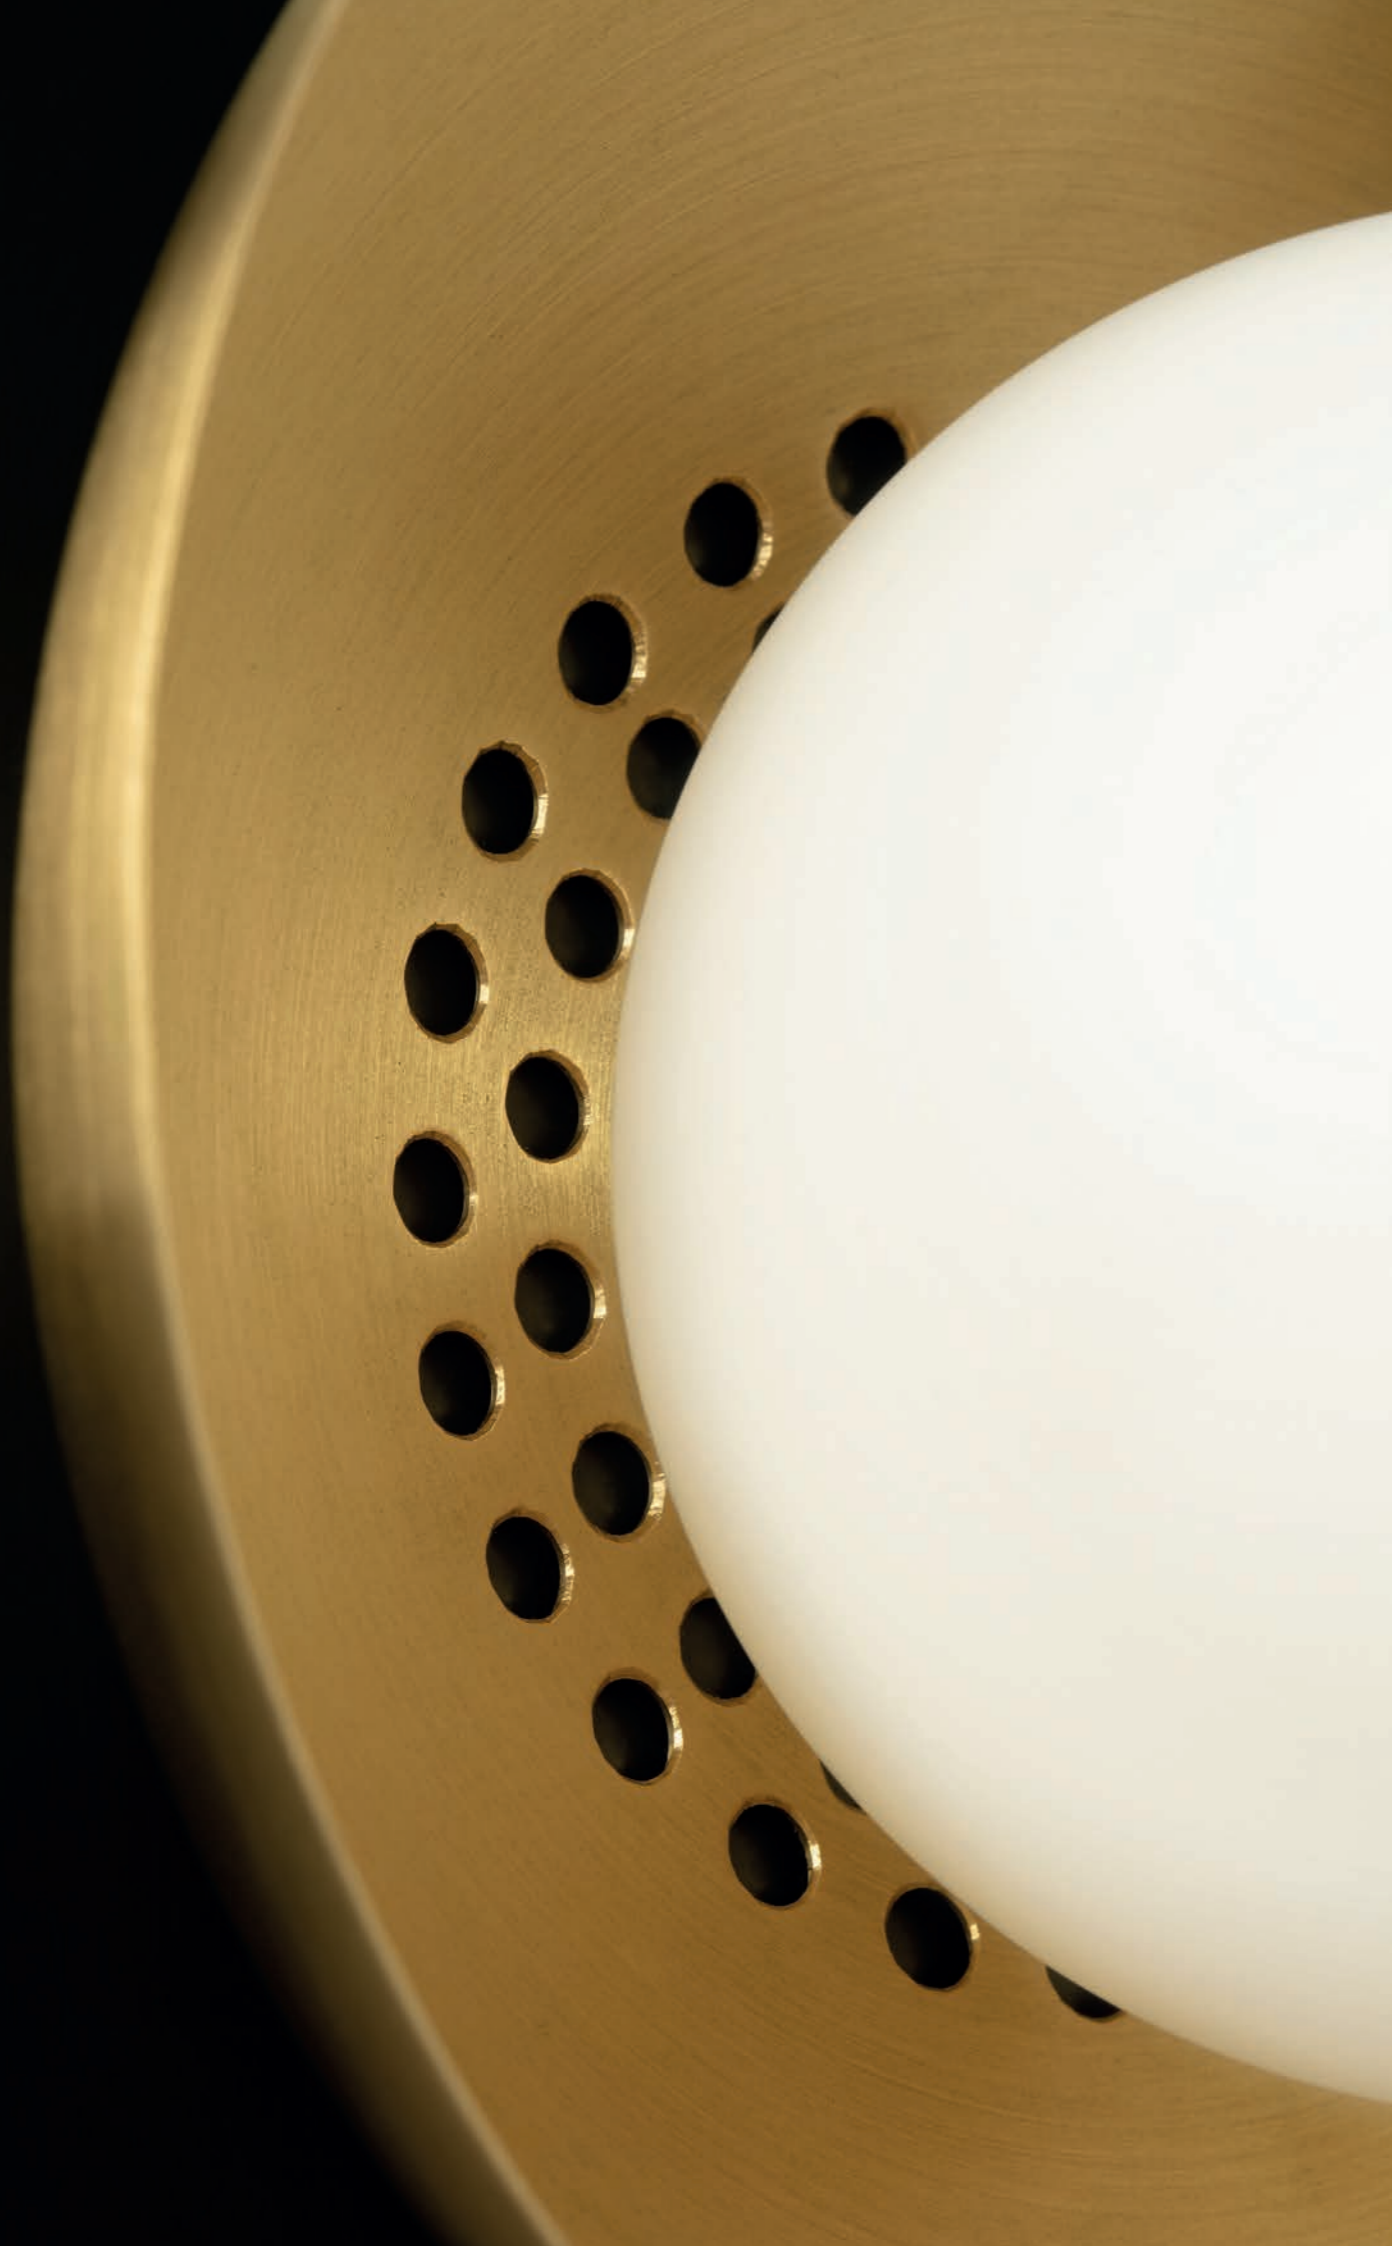

CARAPACE

A modern re-interpretation of a 1920's light. Hand-spun metal shades are finished in bronze and brass. Carefully designed holes in the brass disc allow light to glow within the bronze spinning creating a warm glow. The opal glass shade diffuses the light evenly.

CARAPACE PENDANT 

LUNAR

A timeless sculptural piece in bronze and satin brass. Our artisans fashion this light from several different handmade processes, ensuring that the rings are never perfectly round. This light has become a classic piece for CTO Lighting.

 FLOREN 4 PENDANT | ANTIQUE BRASS

FLOREN

Inspired by the arts and crafts movement. Contrasting metal chains both support the structure and add decoration to the light.

FLOREN 2 PENDANT | ANTIQUE BRASS 

 **HERON FLOOR** | SATIN BRASS

HERON

Designed by Michaël Verheyden for CTO Lighting, HERON blends elegant shapes into pure, refined creations, with minimal aesthetic and noble materials. This timeless and contemporary collection has a quiet luxury, achieved through the quality and craftsmanship of the metalwork and finish.

 PIERRE FLOOR | BRONZE & SATIN BRASS

ABSTRACT

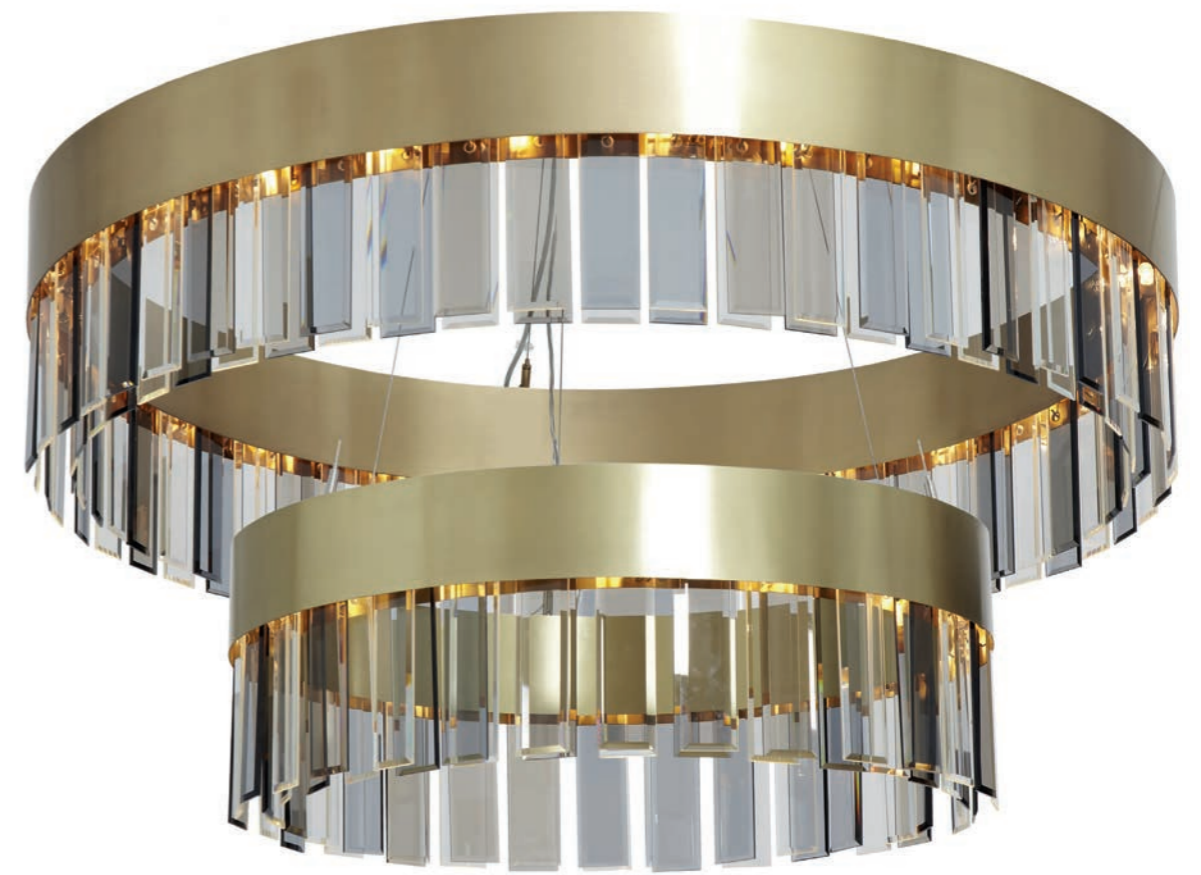

Designed as an abstract leaf, shaped with two simple folds, keeping the simplicity and elegance of nature itself. The rotatable shade allows for shadows and shapes to be created and played with on the wall.

 ABSTRACT WALL | SATIN BRASS

SOLARIS

A truly contemporary chandelier. The cut glass is a mixture of clear, smoked and bronze colour, adding depth to the chandelier.

PARAGON

Our artisans construct this modern lantern using traditional stained glass window techniques. The bevelled glass refracts and reflects the light. A lantern of immense quality and design.

 PARAGON PENDANT | BRONZE & BEVELLED GLASS

RAYON

Designed by Stéphane Parmentier for CTO Lighting. The linear design is accentuated by the perfectly formed diffuser and the bronzed metalwork. A dramatic, unique and confident statement.

 HOXTON WALL | ANTIQUE BRASS

CAPSULE WALL | GOLD LAQUERED 

WHISTLER

The fritted glass is textured by our artisans using a long process to achieve the cloudy, translucent finish. It is finely detailed with brass finials and is IP44 rated, making it suitable for bathrooms. A luxury fitting for an exquisite interior.

ACROPOLIS

The unique veining of the alabaster means that no two lights are the same. Some are almost white whilst others have grey veining. Texture is added by our artisans by chiselling out the stone surface. The alabaster shade glows in a unique way to evoke a luxurious standout piece.

MOON

Our glass blower creates a wonderful piece of thick glass which resonates with quality. Blown by hand, each piece is subtly different in shape, adding to its unique quality. The luxurious metalwork is discreet allowing the glass to take centre stage.

BRAQUE

Sand-cast from solid bronze, keeping the natural undulation of this superb metal, the base is then waxed. It is available in bronze or antique brass finish. The oval linen or silk handmade shades add luxury and have a matching top diffuser, to prevent any glare when viewed from above.

COLUMBO

The luxurious veined alabaster is hand cut and polished. Its curved form and translucent nature allow light to filter through, adding a lightness that belies its obvious weight. Detailed with a brass plinth, this compact design is a truly unique light.

STELLA

Classic and sculptural, a beautifully hand-cast piece of bronze and brass. The smooth sateened brass seems to glow when contrasted with the solidity of the bronze. A timeless piece that clients love and never tire of.

HANOVER

Inspired by classic architectural structures and the linear nature of grand doors and terraces. The base and shade are made entirely of glass, in which the translucent nature of the material softens and contrasts with the simplicity of the strong lines. The satin brass detailing adds luxury to this contemporary design, that reflects the light in its entirety and fills the room with a soft glow.

MAYFAIR TALL

Inspired by fine metal railings, the minimal nature of the stem contrasts the richness of the Nero Marquina marble base and textured linen shade. A refined and luxurious version of the most simplistic elements of a table light.

CHELSEA

Inspired by the essence of 1960's design, CHELSEA represents complementary geometry transformed in its purest form. A shade of pure white glows elegantly above a sculptured marble base. The veining and solidity of the marble stone bringing pure light and form to any interior.

IMPERIAL LINEN

A luxurious and modern version of a traditional table light, using prime materials where the design reflects the light in its entirety and fills the room with a soft glow.

IMPERIAL

The base and shade are made entirely of glass, in which the translucent nature of the material softens and contrasts with the simplicity of the strong lines.

REGENT

Influenced by the curves and colour combinations of the 70's resulting in a confident statement light. The distinct satin brass dome references the fun and 'pop' side of the 70's and the gold brass ring placed at the neck of the column crowns the piece with the CTO Lighting signature detailing.

BLOOMSBURY

A table light that truly represents a decade, honoring a time which we return to for a notion of optimism and dynamism. The distinct opal glass dome references the fun and 'pop' side of the 70's and the gold brass ring placed at the neck of the column crowns the piece with the CTO Lighting signature detailing.

PROJECTS

CONFIDENT GRACE

NIMBUS PENDANT, ARTÈS WALL
AND LUCID TABLE LIGHTS .

"Identifying that the emotional connectivity to our home is not only associated to our functional engagement with the space, but also to the past and the history that the building holds, and how this can often resonate with us on a much deeper level"

RACHEL USHER

GRAVETYE MANOR

ACROPOLIS TABLE LIGHT

This simplistic elegance of Acropolis table light has been redesigned to transform the light into a miniature version of itself, bringing elegance to the Dining Room at Gravetye Manor Hotel, nestled in the beautiful Sussex countryside of England.

WOODCROFT HERTFORDSHIRE

ARRAY COTTON PENDANT LIGHT

"This space is all about modern family life: classically timeless and achingly stylish, yet functional and easy to use; and with stunning lighting and finishes that create a visual "wow" factor that is also ultra-comfy to relax in."

SUE MURPHY INTERIORS

HOLLAND PARK LONDON TOWNHOUSE

LUNAR PENDANT LIGHT

A compact but incredibly functional family Kitchen with a contemporary and minimalistic back drop, allowing for a stunning island to take centre stage. The focus was clean lines, precision detailing, perfect proportions and the use of beautiful wooden elements and natural marbles. The Lunar pendant from CTO Lighting was the perfect light to bring ambience to this interior.

MATERIALS & FINISHES

CTO Lighting designs are created using luxury materials that are meticulously crafted to achieve our signature quality.

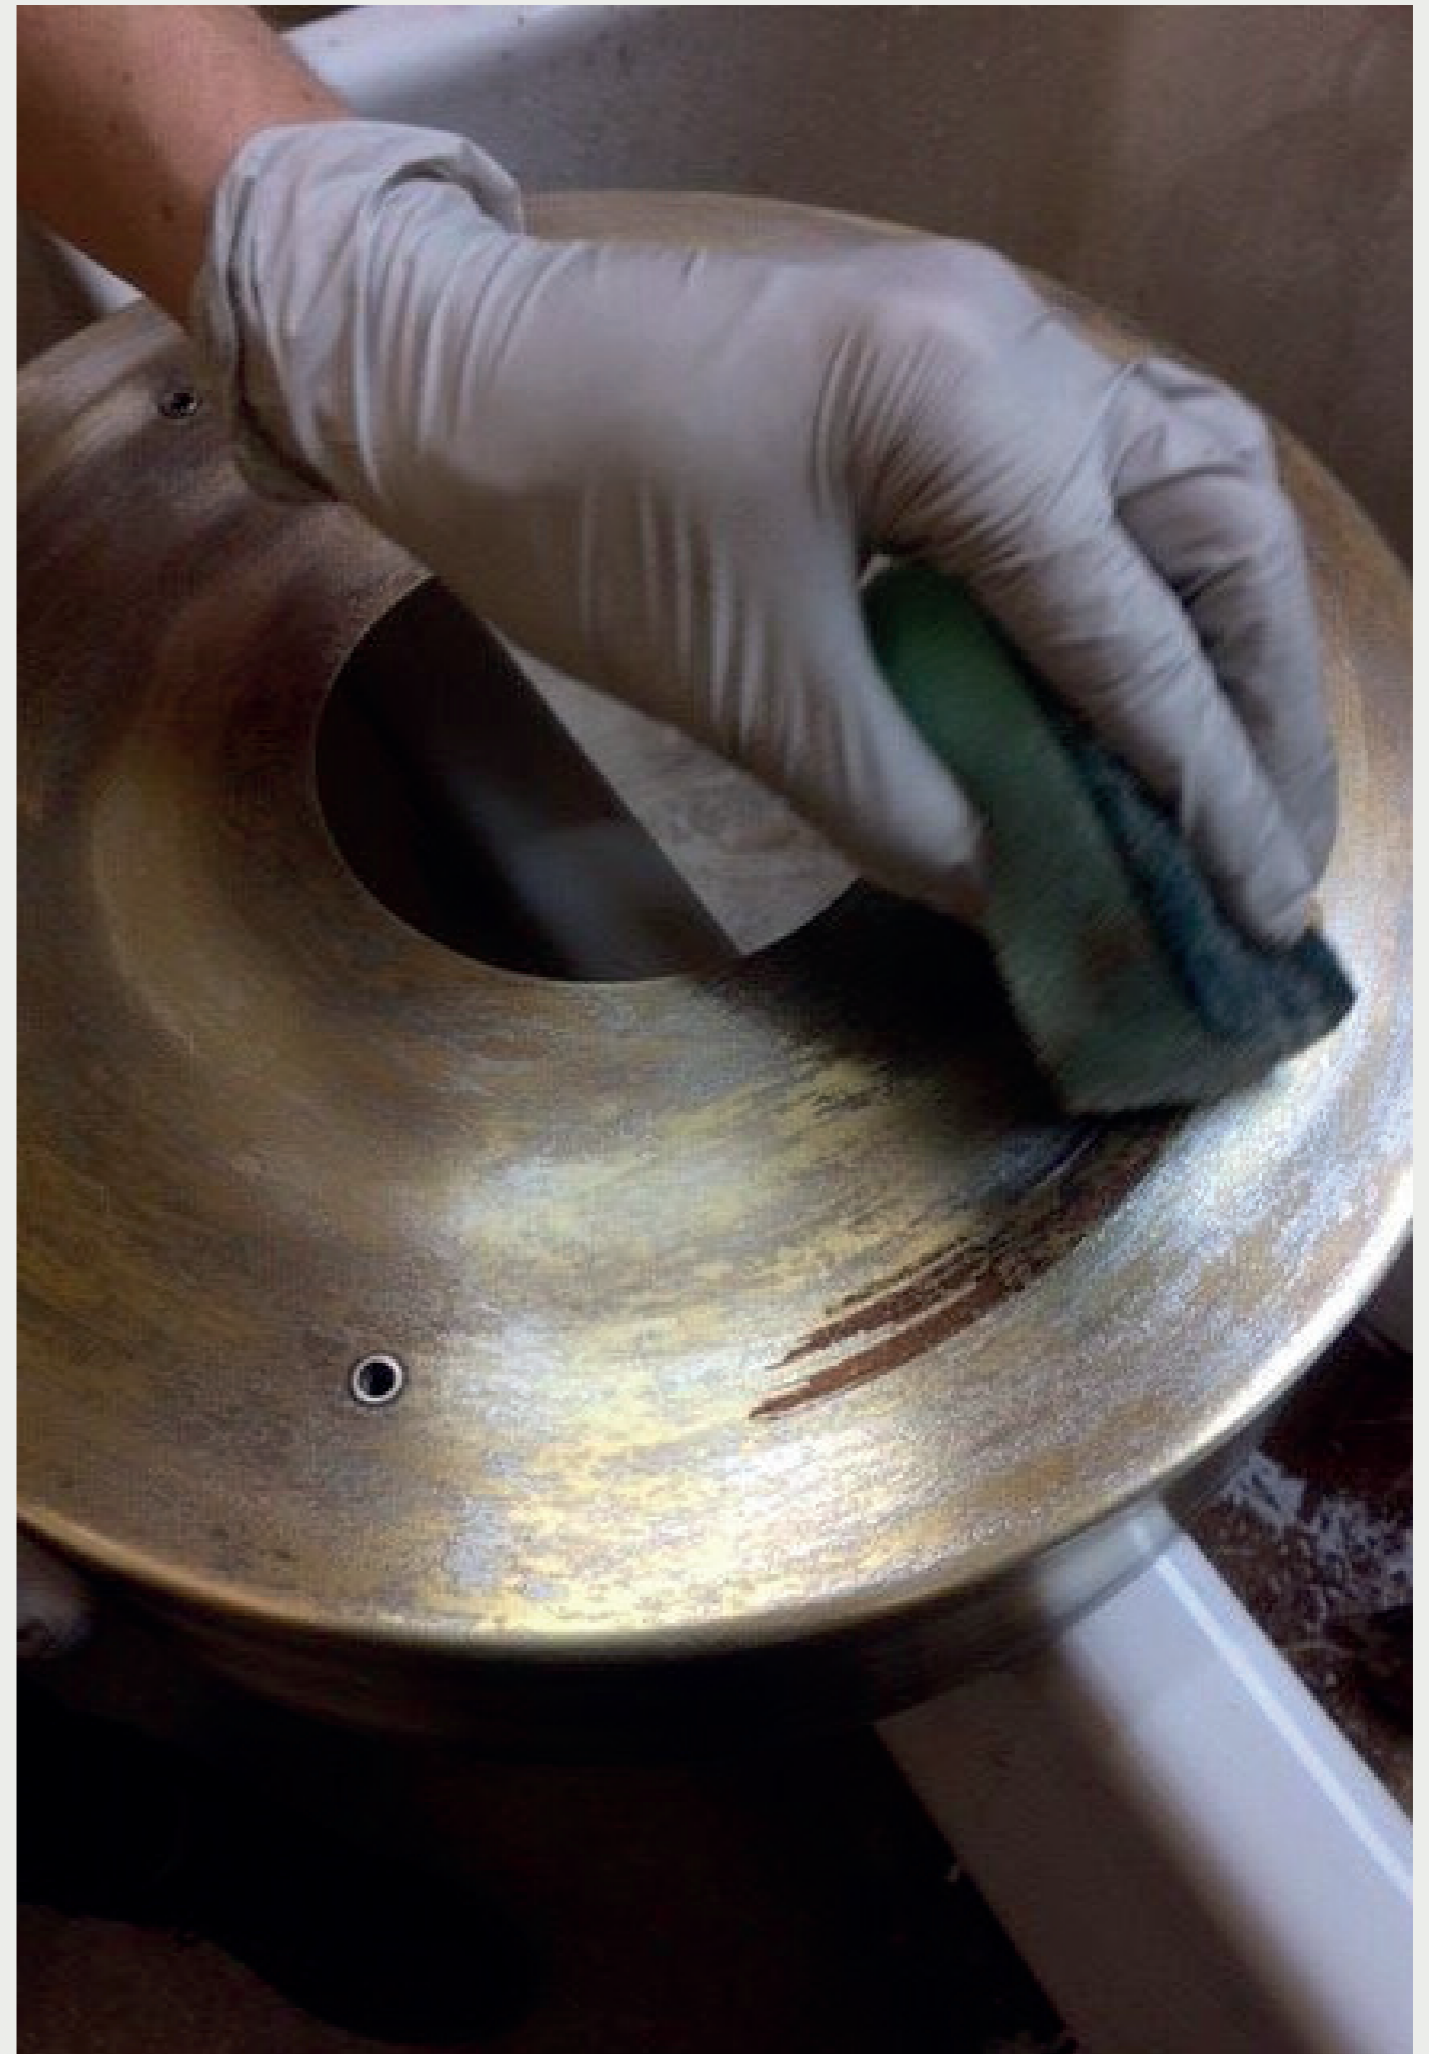

BRASS

Brass is a predominant feature of CTO Lighting pieces, which is processed by hand, followed by various artisanal techniques to create the exquisite finishes of satin, antique and polished brass, as well as bronze patination creating a unique and rich finish.

OXIDISED SILVERED BRASS

This exquisite multi-layered finish is achieved using traditional jewellery techniques. Brass is expertly crafted, layering and polishing solid silver, to produce this unique appearance.

FRITTED GLASS

Our signature frittered glass is handcrafted especially for CTO Lighting, creating its unique, translucent quality. Each individual piece of glass is hand-crafted by our artisans creating individual pieces of glass for every light.

MOUTHBLOWN GLASS

The delicacy and beauty of mouthblown glass is achieved with centuries of traditional techniques creating a variety of forms, which provide a naturally diffused and ambient glow when illuminated. Opal, smoked, sfumato... all techniques developed with our artisan partners to create unique pieces of pure joy.

ALABASTER STONE

The unique veining of this soft, smooth, sedimentary gypsum rock creates truly unique lighting; some alabaster stone is almost white, whilst others have natural striations. The glow of an alabaster shade is evocative, ensuring a memorable and impressive piece.
