It gives character to empty walls.

Bring light to your wall, raise your ceiling and create the feeling of spaciousness and freedom with Insider in different dimensions and colours. Because of its delicate design, it can be easily incorporated into any interior.

Its indirect light effect makes your ceiling higher and higher. And what is more, it creates an atmosphere that will raise you up.

Wall

Create a composition

Insider is available in different dimensions.
Choose the one that fits best your wall.
Or combine more of them together and
create attractive compositions.

Make a difference with a colour

Choose two colours that perfectly match your interior and give character to your wall. Trendy metallic colours will bring sophistication and luxury to the space.

* only for optics

Bring light all the way up

Insider is minimalistic, but surprisingly strong. Its indirect light effect makes your ceiling higher and gives a feeling of spaciousness and freedom. It is also practical when there is no possibility to mount a light on your ceiling.

Light control

Wireless lighting control system Casambi offers a big variety of possibilities for a user to interact with the lighting. The app for smartphones and tablets is the most elaborated user interface. Besides the app, traditional wall switches, push buttons, Casambi's own scene controllers and many other control points can be used.

Made in Europe

Our products are carefully planned, manufactured and tested in order to ensure reliable operation throughout their life span, to limit the environmental impact as little as possible and to co-create pleasant living conditions. Quality is our highest priority and way of life.

High standards and reliable quality of our products were certified by numerous organisations.
