House M, Slovenia / Architecture: SoNo Architects / Photography: Žiga Lovšin

Private residence, Bratislava, Slovakia

The only Minus which is a plus

This family range can play many roles. Arranged in various compositions it can become the source of creativity, whereas, when placed in an organized setting it brings order and structure.

With the »light around« effect, Minus brings a new dimension in low ceiling spaces.

By illuminating the ceiling itself, the ceilings become visually elevated and appear much higher.
